## Building What's Next at the Intersection of Faith and Work

### ABOUT THE SUMMIT

#### A Premier Biennial Gathering of Leaders from the Church, Academia, Ministries, and the Workplace

The Faith at Work Summit 2026 is a premier biennial gathering of leaders from the church, academia, ministries, and the workplace committed to advancing the integration of Christian faith and vocation in the workplace.

For over a decade, the Summit has served as a catalytic space for collaboration, learning, and movement-building — bringing together those who are shaping the theology, practice, and influence of faith at work across the globe. What began as a pioneering convening has grown into a trusted platform for thought leadership, innovation, and partnership across churches, academic institutions, and marketplace ministries & organizations.
